Coaches Attire:

During the wrestling competition (inside the ropes) D1 Coaches and D12 in AA, are expected to wear appropriate attire while coaching on the mat.

-No Jeans, T-shirts, Hats Collared Shirts are preferable

Wrestlers Attire:

Wrestlers are required to wear school issued uniforms during competition, no club or college shirts or sweats. School issued uniforms on medal stand.

D1 committee member or tournament manager will issue a warning and can remove coach or athlete for multiple violations.

DISTRICT I SEEDING PROCEDURE

Seeding will be done by D1

1. **All wrestlers are to be seeded.** The wrestler entered at the seeding meeting is the entry for that weight class. A wrestler cannot change weight classes after being seeded. A forfeit entered at the seeding meeting will remain as a forfeit for that school and weight. Any injured or ill wrestler may be replaced prior to the beginning of weigh-in.
2. A wrestler moving up two or more weight classes from the weight at which he/she wrestled 50% of his/her matches for tournaments may not be seeded above 4th regardless of points.
3. If points are exactly the same, the higher seed will be based on the following criteria:
 - (a) Competition with each other;
 - (b) Returning league, district, regional or state champion in not more than two weight classes above where he wrestled last season;
 - (c) Common opponents;
 - (d) Number of falls, forfeits and defaults;
 - (e) Tech falls;
 - (f) Draw-sticks correctly numbered with available seeds.

Seeding will be determined by a point system. Points will be awarded for:

Criterion 1 – Percentage Record for varsity bouts- One point for a win and divide point total by number of bouts

Example 1 15-5 15 divided by 20= 75

Example 2 12-17 12 div. by 29 = 41

Must have a minimum of 18 bouts to receive full Points... If not, subtract 5 points per match under 18

Example 3 9-7-- 9 div by 16= 56 then subtract 10= 46 TOTAL

The minimum number of bouts for the girls post-season will be 12. Subtract 5 points per match under 12.

Criterion 2 - Prestige Points

- Points awarded for highest place earned in last year's post-season tournament. (If
wrestler is coming from out of state or private school, his/her information for where he/she placed in his/her post-season tournament must be sent to District 1 Wrestling Chairman to determine his/her prestige points from previous year.

Criterion 3 – Caliber of Competition

Points will be awarded for competition against last year's medal winners in PA Regional and States

2025-26 Post Season Seeding

All Wrestlers are to be seeded. A wrestler entered at start of seeding is the entry for that weight class and cannot change weight classes after this point. A forfeit entered for seeding will remain a forfeit for that school and weight. Any injured or ill wrestler may be replaced prior to the beginning of weigh-in. If a coach believes an injured or ill wrestler will be available for the post-season, he/she should seed that wrestler. **Remember a seeded wrestler cannot change weights after seeding.**

Criteria #1 – Percentage record of this season’s varsity bouts – won/loss record **District Duals, State Duals and League Tournament matches do not count when calculating winning percentage for seeding purposes. For the girls post-season, only bouts from girls-only events will be used.**

Points: 1 point for win

Divide: Points scored by total bouts

Example 1: record 15 wins – 5 losses $15/20 = 0.75$ or 75pts

Example 2: record 12 wins – 17 losses $12/29 = 0.41$ or 41pts

Must have a minimum 18 bouts to get full points...if not, subtract 5 points for each bout under 18.

For the girls post-season, the minimum number of bouts is 18. Subtract 5 points for each bout under 12.

Example 3: record 10 wins – 4 losses $10/14 = 71 - 20 = 51$

Note: Always round out to two decimal points

Criteria #2 – Prestige points (awards bonus points for wrestler’s previous year) **A wrestler who transfers into PIAA D1 for this season and was a place winner last season in another state or National Preps, will be given Regional criteria points. District points will be awarded for State Prep placers.**

State Champ	100	Reg. Champ	60	Dist. Champ	25
2 nd	95	2 nd	50	2 nd	20
3 rd	90	3 rd	45	3 rd	15
4 th	85	4 th	40	4 th	10
5 th	80	5 th	35	5 th	9
6 th	75	6 th	30	6 th	8
7 th	70				
8 th	65				

Criteria #3 – Caliber of wrestler’s competition this season

Bonus points are awarded for competing against last year’s medal winners (Regionals, States) Only for PA PIAA Wrestlers

Caliber points will only be given for contested bouts.

		Win	Loss
States:	Champion	50	4
	2 nd	48	4
	3 rd	45	4
	4 th	43	4
	5 th	40	4
	6 th	38	4

	2 nd	25	3
	3 rd	23	3
	4 th	20	3
	5 th	18	2
	6 th	15	2

Criterion 4 - (0-0 Record): Any wrestler with 0-0 record and no prestige points is automatically seeded last. This will only be applied for the boys post-season.

DISTRICT 1 SEEDING PROCEDURE (continued)

Substitute Wrestler:

When a wrestler is removed from the tournament and is a:

- A. Seeded wrestler, each wrestler seeded below him/her moves up one place.
- B. All Substitutes for AAA and AA Regionals from Districts will be determined by:

The wrestler with the most seeding points coming into the district tournament .

Substitute wrestler may enter tournament due to illness/injury prior to seeding or prior to start of tournament up until weigh-ins

Wrestler Receiving Exceptional Seeding Approval

All coaches who believe they have a wrestler who may be eligible for exceptional seeding MUST contact their League Rep, Steering Committee Chairman Dennis Kellon and Chris Lloyd prior to sending line-up for seeding purpose.

Notes: Need criteria for seeding outstanding wrestler who missed season/seeding points (either previous or during season due to absence from the sport or injury/illness) Also no penalty for minus points missing match minimum.

Any returning Regional medalist or greater from any previous season who wrestles in less than 12 matches (not including district/state duals) in the 2025-26 season can petition the District One Steering Committee to seed that wrestler by "human judgement" instead of solely based on points. The points will be calculated for that wrestler, but the steering committee (or sub-committee appointed by the chairman) has the right to move that wrestler to what they feel is an accurate place in the bracket.

Girls who compete on a boys team for the regular season will be seeded based on multiple factors by a sub-committee, since they will have no record against girls.

Coaches entering a female wrestler from a boys team into the girls post-season must notify the Dennis Kellon and Mike Leister by 6 PM on Friday, February 7th which girls (and their weights) will be competing in the girls post-season.

**D1 Wrestling Chairman and/or designated committee will make exceptions and ultimate decisions as needed.*

A spreadsheet will be provided to all Coaches and Tournament Directors with all District One Wrestlers post-season points. The spreadsheet will be provided by Mike Leister. If you have concerns you may contact Chris Lloyd or Glenn Kaiser if corrections need to be made. These points will include the total points for each wrestler entered into District Tournaments for the post-season individual PIAA Championships. All entries for the boys will be due by 6:00 pm on the Wednesday prior to the District Tournaments.

Wed, February 18	7 PM	Boys seeding for District 1 AAA and District 1 AA tournaments are sent to committee for review
Thu, February 19	6 PM	Boys seeding for District 1 AAA and District 1 AA tournaments are released to public

Seeding Process for South East AAA Regional

What is changing?

All 18 wrestlers in each weight class of the South East AAA Regional tournament will be seeded based on a combination of how they placed in the qualifying tournament and a seeding points calculation.

Previously only the champions of the 4 qualifying tournaments were truly seeded, while all other qualifiers are placed into the bracket based on their placement in the qualifying tournaments.

Purpose of the Changes

The goal of the seeding changes is to seed all wrestlers in the tournament more accurately than the previous system. The intent is to not only get the best 5 AAA wrestlers per weight to represent District 1 at the PIAA State Championships, but also to get them in the best order of finish as well.

This new procedure accounts for the qualifying tournaments not being balanced, since they were created purely by geography.

Main Seeding Changes

The new seeding will comprise of 2 main components:

1. Placement in the qualifying tournament the week prior to the Regional
2. Seeding points calculation

Adjusted Seeding Points Calculation

The points calculation that has been used for several seasons in District 1 will be used, with a minor adjustment. After the qualifying tournament, each wrestler will receive additional points for their placement in the qualifying tournament as well as for the caliber of competition they had in the qualifying tournament. The same criteria as the regular season formula will be used to determine those additional points.

The seeding formula used prior to the start of the post-season can be found here:

<https://www.piaad1.org/sports/winter-sports/wrestling-b/seeding-procedures/>

For example, Wrestler A has 125 points prior to the start of the post-season. Winning his qualifying tournament earns him an additional 25 points. During the qualifying tournament, he also beat a returning regional champ (which earns 30 more points) and lost to a returning state 5th placer (which earns 4 more points). Wrestler A's seeding points for the regional tournament will be 184.

The steering committee can make adjustments in seeding points for "outstanding wrestlers" who missed parts of the season due to injury. The language for that eligibility is in the link above, but it may have to be altered slightly to account for this new regional seeding.

Key Notes

With these changes, there are a few items that should be noted.

- Wrestlers cannot be seeded above anyone who placed higher than them in their qualifying tournament.
- First round matchups could feature wrestlers from the same qualifying tournament.
- One qualifying tournament could have the top 4 seeds (or the bottom 4 seeds) in a weight class.
- Qualifying tournament champions could be seeded anywhere from #1 to #13.

Seeding all 16 wrestlers per weight class strictly via seeding points is not recommended as that takes away the importance of the qualifying tournament placement (ie: wrestlers could forfeit after advancing to the finals).

New Regional Seeding Procedure

All 16 wrestlers per weight class who qualify for the South East AAA Regional will be seeded. Should a wrestler withdraw from the regional for any reason, the entire bracket would be reseeded with the replacement.

Order for Wrestlers to Get Seeded

Wrestlers will be sorted by their placement in the qualifying tournament (higher place to lower place) and then by their seeding points (highest to lowest). This order will be used to determine when a wrestler is seeded.

Seeding Criteria

When seeding each wrestler, there are 2 main criteria used. Each wrestler will be seeded:

1. AFTER the wrestler who placed just above him in their qualifying tournament
2. BEFORE the highest seeded wrestler below the previous placer with fewer points than the wrestler being seeded

Detailed Example of New Seeding through 8 Wrestlers

Sample order of all 16 wrestlers to seed in a weight class:

Order	Section	Place	Points	Order	Section	Place	Points
1	East	1	272.65	9	East	3	98.33
2	West	1	214.67	10	West	3	95.31
3	South	1	84.43	11	North	3	78.07
4	North	1	80.42	12	South	3	66.00
5	West	2	238.50	13	East	4	108.35
6	South	2	103.57	14	West	4	105.48
7	East	2	101.41	15	North	4	67.00
8	North	2	76.08	16	South	4	33.33

All champions will start off the seeding by being seeded #1 to #4, like this:

Seed	Section	Place	Points
1	East	1	272.65
2	West	1	214.67
3	South	1	84.43
4	North	1	80.42

Next, **West-2** will be seeded. He will be placed in the #3 slot because he must be placed after West-1 (current #2) and because he has more points (238.5) than South-1 (84.43):

Seed	Section	Place	Points
1	East	1	272.65
2	West	1	214.67
3	West	2	238.50
4	South	1	84.43
5	North	1	80.42

Next, **South-2** will be seeded. He will be placed in the #5 slot because he must be placed after South-1 (current #4) and because he has more points (103.57) than North-1 (80.42):

Seed	Section	Place	Points
1	East	1	272.65
2	West	1	214.67
3	West	2	238.50
4	South	1	84.43
5	South	2	103.57
6	North	1	80.42

Next, **East-2** will be seeded. He will be placed in the #4 slot because he must be placed after East-1 (current #1) and because he has fewer points (101.41) than both West-1 (214.67) and West-2 (238.50) but more points than South-1 (84.43).

Seed	Section	Place	Points
1	East	1	272.65
2	West	1	214.67
3	West	2	238.50
4	East	2	101.41
5	South	1	84.43
6	South	2	103.57
7	North	1	80.42

Next, **North-2** will be seeded. He will be placed in the #8 slot because he must be placed after North-1 (currently the #7 and final seed).

Seed	Section	Place	Points
1	East	1	272.65
2	West	1	214.67
3	West	2	238.50
4	East	2	101.41
5	South	1	84.43
6	South	2	103.57
7	North	1	80.42
8	North	2	76.08

This process is followed until all 18 wrestlers in each weight class have been seeded.

Example Seeding of the Last 8 Wrestlers

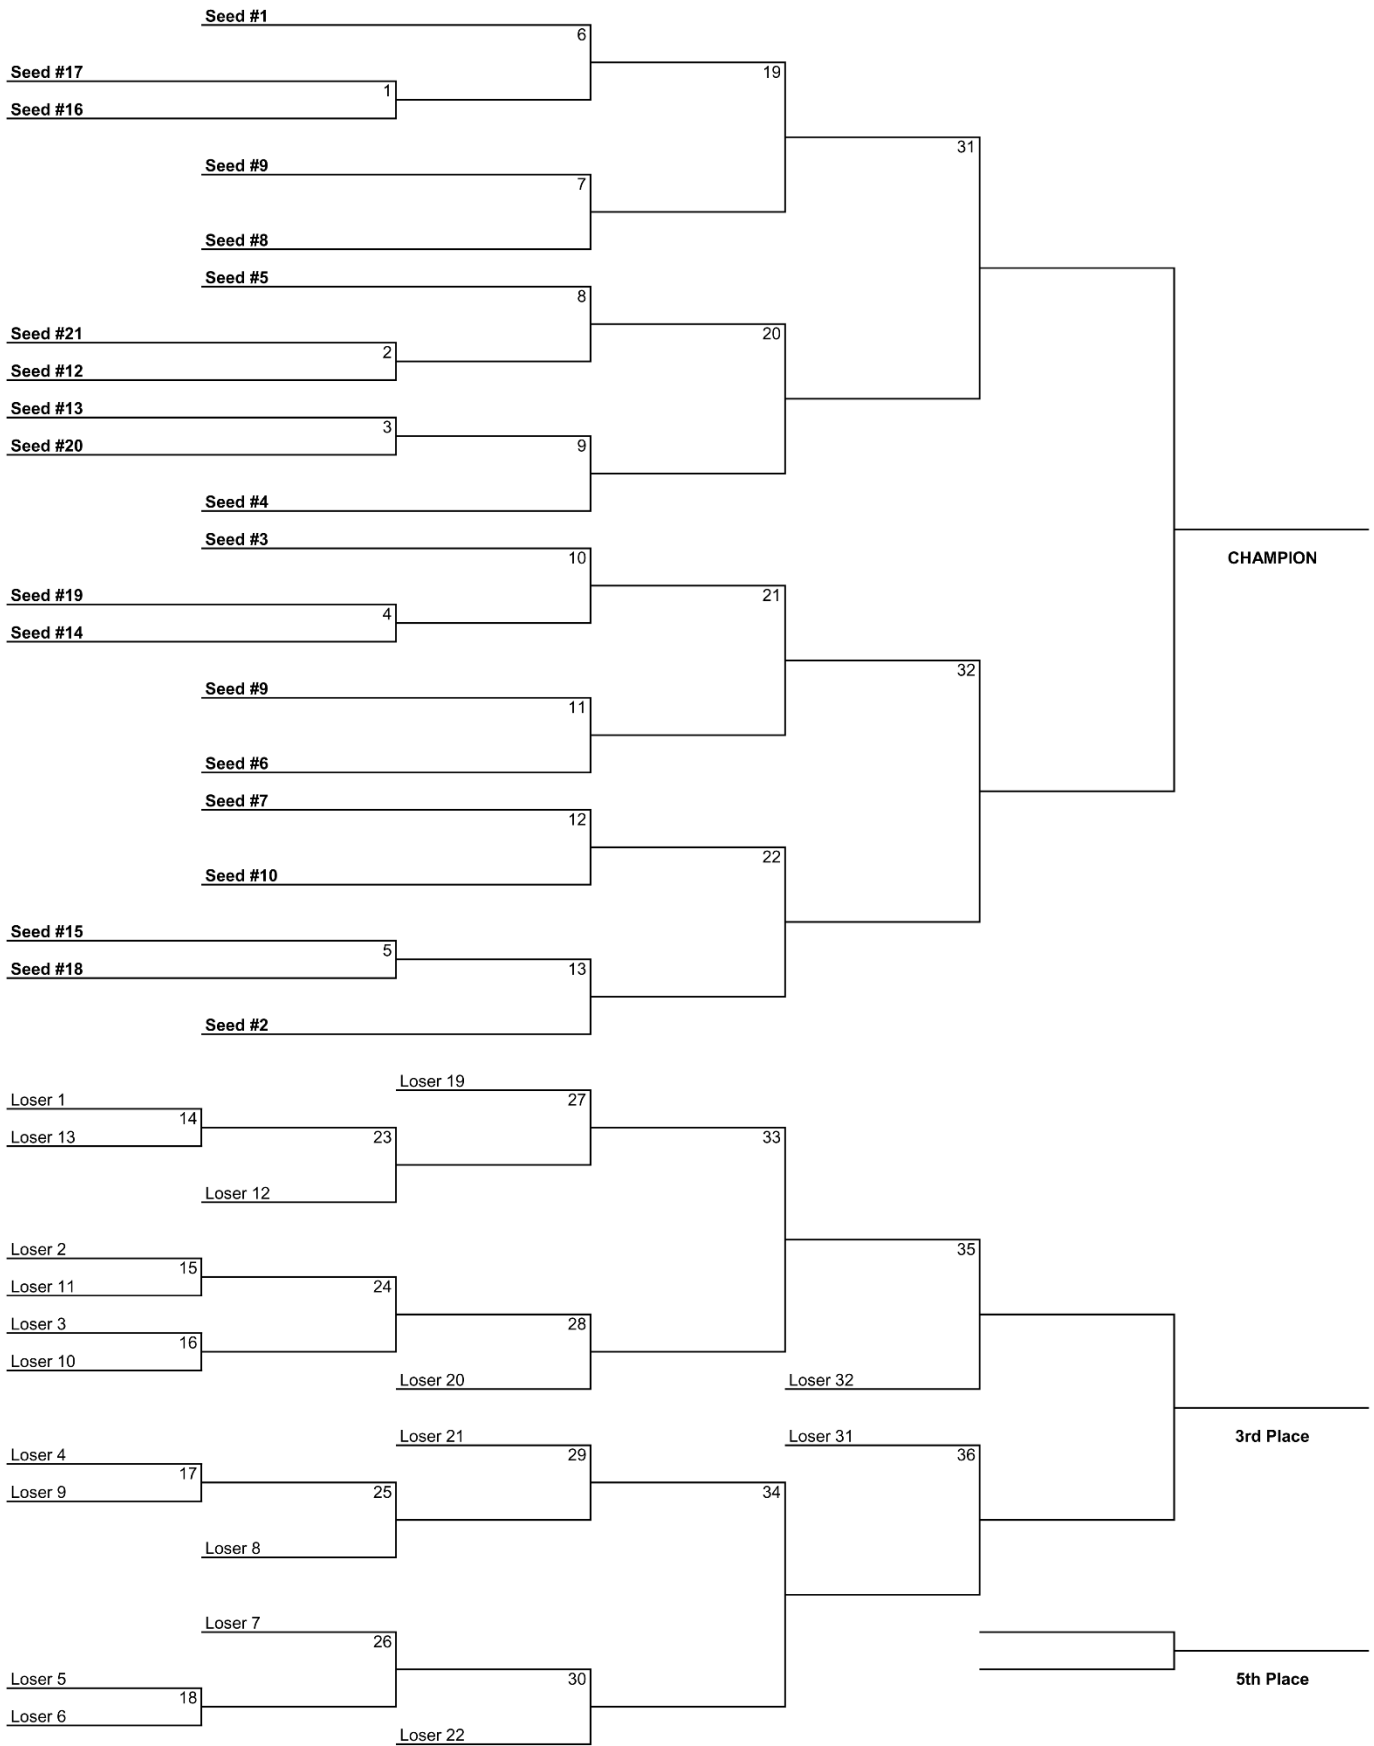

The rest of the seeding would be as follows:
