

Update – Tickets for Districts Qualifiers

We are pleased to announce those swimmers who officially qualify for the District Swimming Championships at York will be entitled to at least one (1), possibly two (2), tickets for each day they participate. Final details are being organized, including the online ticketing platform which will be used and codes for participating swimmers.

More details will follow once it is known how many swimmers have qualified from each team. The anticipated start of tickets being available for purchase is Tuesday, February 22nd at 4:00pm.

Alternate swimmers for individual events will not be able to purchase tickets. More information will be provided concerning ticket allotment for relays, as relays are not declared at this time. It is recognized parents will want to see their child swim, regardless of the number or type of events.

Spectators will be required to wear masks while indoors. Thank-you for your anticipated cooperation with this matter.

Throughout the duration of the season there has been on-going discussions pertaining to having spectators at York YMCA for Districts.

We thank everyone for their patience throughout the season and are looking forward to a fantastic District Swimming and Diving Championships.

Good Luck to all swimmers and coaches.

Sincerely,

Ken McCormick
